About me

After 2 years working and improving my skills with software development, today I specialize in creating applications using React technology together with Next.js and Node.js.

Goal

Front-end Developer

Experience

Fotoseek 2023

Link: fotoseek.vercel.app

Fotoseek is an application that allows you to download high quality images and videos. With Fotoseek, you can easily search and save media files from various online sources.

CineHub 2023

Link: cinehub-database.vercel.app

CineHub is an information app about movies, series and TV shows. It allows users to browse and search movies and TV shows, providing comprehensive details and information about each title.

UniSaver 2023

Link: unisaver.vercel.app

UniSaver is a user-friendly application that lets you download YouTube videos quickly and easily.

Thunder Games Freelancer - 1 year 3 months

Working on resolving bugs, improving the interface and user experience on a private investigation service.
